Daily Attendance

- Students are expected to attend all of their classes each day. Attendance will be taken during the daily Zoom meetings for each class.
- If your child cannot attend the daily live sessions on Zoom, please reach out to their teachers via email.
- In order for your child to be counted as present in school:
 - Your child must attend the live Zoom meeting at the assigned class time with their camera on and participating in class
 - **OR** -
 - If your child cannot attend the live meetings, he/she will need to access the recorded video for that day AND complete the daily assigned tasks.

*If there is a reason why your student cannot have their camera on during the live meeting, please contact the school to speak with one of the school's administrators.

Student Expectations

- All course content will be accessed through Canvas.
- All of our teachers will hold daily zoom meetings with students, at their scheduled block (core) times, to ensure they have a face to face time to interact with their teachers.
- Students are expected to log into Canvas at the start of each of their block times on the schedule in the previous slide.
- These zoom meetings will be recorded and posted to the class Canvas each day. If a student misses the assigned time, they can still receive the same information from their teacher.

Tips for Successful Start to the Year

- **Follow The Schedule** - Your child has a specific time to work in your courses. You will have something to do every single school day in most of your classes, be aware of your assignment due dates.
- **Stay Organized** - Keep track of course work. Your child should save copies of work on their computer, a flash drive, or upload it to Google Drive. Use your ABSS Google Calendar to keep up with due dates.
- **Have a Consistent Workspace** - Your child needs an organized, clean workspace to do your school work. They should have a workspace which is free of distractions.

Tips for Successful Start to the Year

- **Understand your workload** - Regularly check your Canvas courses to determine what work is required
- **Connect With Your Teachers Early and Often** - Let them know when you are struggling so that you do not get too far behind without getting some help.
- **Log In Everyday** - Check the status of your classes, make sure you have met all due dates, and check your school email daily for important announcements and communication from your teachers.
- **Do The Work** - Don't just submit assignments. Be an active participant so you can learn the material, and be prepared for future courses.

Canvas

- This year, all middle and high school students will use Canvas for their online learning (instead of Google Classroom).
- Students will log in to Canvas by logging into NCEdCloud on the BMS website.
 - To do this, you will go to the BMS homepage.
 - Go to the “Students” tab above the pictures and click on NCEdCloud
- Parents - information will be posted on the BMS website on how to access your child’s Canvas account as an “Observer” to help you support your child.

Required Vaccinations

- If your child is a rising 7th grader, they are required to have the Tdap & Meningitis vaccine. Please check the BMS website for more information about the required vaccinations.
- When the required doses have been given, bring a documented shot record to the school office. Unless you send proof of the immunizations, your child cannot participate in school after the 30th day, September 15.
- If your child does not have the required vaccinations, you will receive information from the school within the first two weeks of school.

Stay Connected

- Weekly email or communication via Canvas from each of your child's teachers regarding course information and reminders.
