

Alamance-Burlington Schools Success '21

 ONE ABSS

Broadview Middle School

Commit to W.I.N., Do it with P.R.I.D.E.

For those families that have chosen for students to return to school buildings for in-person learning, please review the following information.

New Protocols

As we return to our school buildings, ABSS has implemented many safety protocols [outlined by NC Department of Health and Human Services](#), to maintain the health and well-being of staff and students during this time. A detailed list of protocols is available on the [ABSS website](#).

At Broadview Middle School, we are dedicated to keeping our staff and students safe. We have established divided hallways, entry procedures that allow us to screen staff and students, and we are operating on staggered schedules to eliminate too many students in the hallways at one time. We have focused adult supervision throughout campus to ensure movement and safety for all. You will see other things pertaining to Broadview Middle throughout this document in Blue. Items in black are consistent throughout the district.

The district has pulled together [frequently asked questions and answers](#) for your review, but please feel free to reach out to the school with any questions.

Cleaning

The district works with the Budd Group to provide cleaning technicians at every school. These employees are dedicated to cleaning high touch surfaces throughout the school day. Additionally, the Budd Group completes cleaning in the evenings, after students and staff leave for the day.

Face Coverings

While on school property, inside or outside, students (aged 5 and up) and all adults will be required to wear cloth face coverings over their nose and mouth. Throughout the day, students will have opportunities to remove their cloth face coverings, when eating breakfast and lunch. Students will also wear masks during PE and recess. Students are not permitted to wear bandanas, neck gaiter, or head wrap as a face covering. Only proper cloth or disposable face masks may be worn. The district has delivered extra face coverings to each school for students and staff who may be in need.

Please begin working with your students on wearing face coverings at home so that they are ready when they return to the school building.

Meals

Meals will be pre-packaged and delivered to the classrooms for students to eat. Students may still bring their own lunch to school if they wish. However, there will be no microwave access to heat lunches. At this time, all school meals are **free**.

The district will provide two bottles of water per day for each student. Water fountains will not be in use throughout the day.

As mentioned above, students will be able to pull their mask down when eating breakfast and lunch. We ask that students refrain from sharing food and drink items. Students will be able to socialize while eating and masks should be worn correctly as soon as students are done with their lunch.

Wait and Wash

Social distancing is a key component of returning to school safely. Social distancing (“physical distancing”) means keeping space between yourself and other people outside of your home.

In common areas around the buildings, there will be clearly marked areas to remind everyone to remain socially distanced, 6 feet apart.

In addition to social distancing, students will be encouraged to wash their hands frequently with soap and water, or hand sanitizer as much as possible.

While in classrooms, teachers will use a colored sticker system to ensure students are not seated in desks previously used by other students. Our custodial staff will clean in-between student use. Posters will be posted throughout each hallway with reminders of safety protocols, social distancing, and hallway traffic patterns. All staff have assigned duty spots throughout the day for arrival, class transitions and dismissal.

Health Screenings

Students and staff returning to school buildings will be required to have an annual attestation form on file. Parents/Guardians can complete this form online for each student returning to campus. [Please use this link to complete the form.](#) Families should not send students to school if they are exhibiting signs of COVID-19. If students have a temperature above 100.4, they will have to return home with their parent or guardians.

Everyone will have their temperature taken before entering the building. If the student passes the health screening process, they will receive a wristband which allows staff to easily identify that they have been screened and can proceed into the building.

Car Riders will remain in the car during the screening process. The parent/guardian will help the student answer the screening questions and the student will have their temperature taken. Once the student passes the screening, they will receive their wristband. Once students enter the building, they will go directly to their homeroom class.

On March 8th, families will be given a car rider pass with their child's name and last period teacher. This pass will need to be visible daily in the car for student pick up. If the car rider pass is not available, the person picking up the student will have to answer a series of questions to verify their relationship to the student.

Bus riders will be socially distanced on the bus, only one student per seat unless they are siblings. Everyone must wear a mask while riding any school transportation. Bus riders will complete the health screening when they reach school.

Students will remain in their last block class until their bus number is called. Once a student's bus is called, students will report directly to their assigned bus.

COVID-19 Symptoms

If a student shows symptoms of COVID-19 during the school day, they will be sent to an isolation room and Parent/Guardians are called to pick up their student immediately. If the parent/guardian consents, the school nurse can complete a COVID-19 rapid test. This test will provide results within 15 minutes. The school nurse will be in full Personal Protective Equipment (PPE).

Communications

The district has a communication guide that has helpful information about if/when families will be notified if there is a COVID-19 case at school. Additionally, the district shares data in a dashboard updated weekly. You can review the [communication guide and dashboard here](#).

The [BMS website](#) will continue to provide updates. If you are not getting the Connect - Ed messages weekly, please contact the school for help. Teachers will continue to be available by email.

Classrooms

Students will transition with their classes and cohorts and classrooms will be set-up to help students engage with their teacher and classmates while following social distancing protocols.

Class changes will be staggered. Students will be expected to follow one way hallways when possible. Classrooms will be cleaned during transitions...

Staff members will be stationed throughout the hallway to prevent student congregation and encourage continuous movement.

Elective classes will follow the same safety protocols and procedures as core teachers. Students will not share equipment and activities will be designed with social distancing and safety in mind.

Weekly Schedule

Our school will follow a cohort model beginning **March 8**.

[Master Schedule](#) (**Click for Master Schedule**)

Cohort A (Monday and Tuesday) & Cohort B (Thursday and Friday) rosters will be available on the BMS website on Monday February 15, 2021

Broadview Middle School Master Schedule 2020 - 2021

Start Time: 9:00 / End Time: 3:15

2:25 - 3:15 Core 4	2:25 - 3:15 Core 4	2:35 - 3:15 Elective 2	2:35 - 3:15 Elective 6-2

Morning Arrival

- No students should arrive before 8:25 a.m.
- At 9:25, we will begin screening students in their vehicle and then they will report directly to their homeroom teacher

P.R.I.D.E. Time:

- During P.R.I.D.E. Time students will engage in social emotion lesson
- On Tuesdays and Thursdays, students will be given their usual preferred activity time either in the classroom or outside
- Student will adhere to all social distancing and safety protocols

Dismissal

- **On March 8th, families will be given a car rider pass with their child's name and last period teacher. This pass will need to be visible in the car for student pick up. If the car rider pass is not available, the person picking up the student will have to answer a series of questions to verify their relationship to the student.**
- **Bus riders will remain in their last block classroom until their bus number is called**
- **Walkers will be dismissed at 3:15 and will need to leave campus immediately (safety protocols and procedures should continue to be followed)**

Success '21

Health and safety are important to us as we look forward to returning to the school buildings. In order to be successful, we will need everyone to take part. Wear your face covering. Wait 6 feet apart. Wash your hands. Begin working with your students and talking about the importance of the 3 Ws. We are excited to welcome everyone back!
