

# REGISTRATION FAIR 2022

**DESTINATION:  
SUCCESS**

**EMPLOYED  
ENLISTED  
ENROLLED**

Did you know your child can take college classes for credit and it is tuition free while in high school? Did you know your child can earn credentials and certifications that allow them to leave high school employable at a livable wage or that gives them an edge when applying for college? Come out to your school's High School Registration Fair to ensure you know about all the opportunities in ABSS and that your child is planning for success after graduation. Counselors, administrators, and teachers will be available to share courses that are offered at each school. We will also have representatives from ACC, CTEC, Fire/EMT, and other specialized programs to help you plan your child's upcoming schedule. Make sure your child is prepared for the Registration Season!
