

# **What is the Buddy Bench?**

The Buddy Bench is a bench for kids that don't have anybody to play with. If you don't have someone to play with, go sit on the bench and wait for a friend. If you see someone who is sitting on the Buddy Bench you should be friendly to them and ask them if they would like to play with you.

We constructed these benches to bring children together. We got this idea from researching about ways to include all children at school. They became popular by a boy named Christian, who wanted children to include other children at his own school. This prevents exclusion and promotes kindness and caring.

Thanks,
