## Steps to Purchase a Senior Ad

1. Choose the photos you like best (remember you can use pictures from every point of their life) AND label them with your child's name (make sure you let the writing DRY before putting the pictures together in a pile!)
2. Decide on an ad size based on your budget and the number of photos you want to include
3. Write the message that you want to include; if you include poetry or song lyrics, please make sure to include where they came from
4. Complete the order form (found on the back of this brochure)
5. Get cash or money order (made out to Cummings High) ready
6. Put everything into an envelope and deliver to CHS front office or send it to Ms. Cope through your son/daughter
