

Classroom Expectations:

1. **F**ollow directions the first time they are given. Stay on task.
2. **R**espect ourselves, our peers, classroom materials, and all school facilities. We will use kind words and treat shared spaces and things with care.
3. **E**nter and exit prepared to learn with the classroom materials we will need to succeed.
5. **S**tay safe by keeping hands, feet and all objects to ourselves. We will all wear a mask to protect ourselves.
6. **H**ave a positive attitude and give our best effort!

Remember: Keep it FRESH!

Grading:

Grades will be updated in Powerschool at least once a week. I encourage students and parents to check grades often. If you are missing an assignment, it will show up as a zero in PowerSchool.

Final Grade Breakdown:

Homework - 20%

Classwork - 40%

Quizzes - 25%

Tests - 15%

Grading Scale:

A 90-100%

B 80-89%

C 70-79%

D 60-69%

F 0-59%

What We Will Learn:

We will be learning various topics through the following domains:

1. Geometry
2. Ratios
3. Number Sense
4. Expressions and Equations
5. Statistics and Probability

We will unpack standards, complete activities and other projects to gain knowledge of and build a better conceptual understanding of math.

Math Class Supply List:

- 3-Ring Binder (1-inch)
- Composition Notebook
- Dividers
- Pencils
- Colored Pencils
- Dry Erase Markers (optional)

In this class, you will keep a math notebook in the 3-ring binder. Please bring your math notebook to class every day. This notebook will have all the materials necessary for learning and studying for tests.

<p><u>Late Work Policy:</u> All late work is due 1 week after the original due date. 10 points will be deducted each day an assignment is late.</p>	<p><u>Absent Policy:</u> Students are responsible for completing and submitting their work after an absence. Students can check the Daily Slides posted on Canvas to see the agenda for the day they missed. Students can find homework, notes, and other assignments in the turn-in bin labeled "extra copies".</p>
<p><u>Homework Policy:</u> In math class, the homework sheet is given at the beginning of each week and will be due at the end of each week. I highly suggest students work on their homework sheet each day.</p>	<p><u>Behavior Policy:</u></p> <ol style="list-style-type: none"> 1. Warning 2. Behavior Reflection - bounce or silent lunch 3. Parent Contact 4. Written Referral 5. Meet with Administrator

A Word of Advice from Ms. Lewis:

Sixth grade math will continue or expand upon topics you may have been taught in previous years. Daily practice is necessary in order to retain new skills that will be learned.

Although it may seem intimidating at first, middle school can be an exciting time in an adolescent's life. At the middle school level, you are given more independence and more responsibility over your assignments. I encourage you to use a planner notebook to write down due dates for assignments. Please use PowerSchool to check your grades often.

Additionally, I encourage you to seek out friends that are a positive influence on your life. Do not let other people hold you back from success! You have a marvelous brain and you are capable of doing extraordinary things. Make good choices, do what is right, work hard, and treat others the way you want to be treated.

We are going to have a great year!
