What's **RIGHT** in our schools?
CTE is what's RIGHT!!!!

Cindy Farmer and her videographer visited Eastern Alamance High School March 2, 2021 to visit one of our CTE classrooms, specifically Sports and Entertainment Marketing 1 taught by Mr. Smith. During this time, due to Covid we are on Plan A. This means Mr. Smith had 3-5 students in person and approximately 15 remote on zoom. Students are working on a project titled "Putting Mebane on the Map."

April is **PURPLE UP** Month

The **EHS CTE Department** is participating in **Purple Up** to **celebrate** our **military students!** Purple references the joint environment of the military – encompassing all service branches **Active Duty, Reserve, National Guard, and Veterans**, and encourages **everyone to wear purple.**

Do you **listen to** the **announcements** made on campus or **read them** in Powerschool? If not, you may be **missing out on great opportunities!**

Mrs. R. Johnson, the CDC (Career Development Coordinator) submits **weekly announcements** about **educational and career opportunities!**

*Here's what **one student said about hearing of an opportunity!***

I got a **email** from the school saying that there was a **part time landscaping** job and that if you were interested to email Rae Johnson for more information. I emailed her and **got the contact information** and **called** the contact person. This is **my first job** and I am **enjoying it** so far. I pretty much **help with anything they tell me to do.**

Written and **submitted by Austin Lewis, 10th grade**

Austin is working for a **landscaping business owned** by a **former EHS graduate!!!!**

It is that time!

Spring **Mock Job interviews!**

Each semester, **English 4** and **Career Management** students participate in an interview role play. Students **create a resume, identify an entry-level job he/she is interested in** and then **engage in a mock interview.** This helps students **prepare for future job interviews** and/or **scholarship interviewing!** It is a **skill** we all **can practice!**

English 4 Interviews: April 21

Career Management Interviews: May 5

To **learn more about job interviewing**, here are two short articles to read about preparing for interviews!
